

Tabula Rasa

Like a New Moon, the symbol of
each ending and every new beginning.
She is veiled in shadow and we have time
to reflect on the cycle we have just completed
- a new era is born.

Our mind, body and soul flourishes
during this time of rest and introspection.
Our creative spirit rises and it is a time
to create new visions,
to innovate, transform and set future goals.

With every new phase
we are afforded the opportunity
of new beginnings,
a fresh focus and awareness,
raising our creativity and allowing us
to initiate, to shape, to formulate
what we dream.
