# Sakura

## The Fragility of Existence

### Japan

Cherry blossoms called Sakura,  
Symbolic flowers of spring,  
spreading their beauty for single days,  
the fleeting nature of life.

### Life

Fragile and overwhelmingly beautiful,  
tragically short.  
Petals a timeless metaphor for human existence,  
the themes of our lives...  
life, mindfulness, mortality and death.

### Marvel

at our own passing time on earth  
with joy and passion.  
Let's not neglect to revel in life  
when it can end at any moment.

### Graces

surrounding us everywhere:  
family, friends, a stranger's smile,  
a child's laugh,  
new flavours on our plate  
the scent of green grass...

### Sakura

is signaling the beginning of spring,  
a time of renewal and optimism.  
hope and new dreams.

### Seize

the day and wring the beauty out of life,  
reflect on our own precious lives.
